

PARTNERS IN EDUCATION: A WIN-WIN OPPORTUNITY

Company/Organization*:

- Improvement in employee/member workforce skills
- Valuable employee/member benefit resulting in improved recruitment, retention and satisfaction rates
- Cost Savings
- Single University point of contact – help with program customization
- Access to Post University Institute for Innovation & Entrepreneurship with opportunities to structure programs that meets the educational needs of your workforce

Employees/Members:

- Reduced Tuition – Financial aid also available to those who qualify
- Reduced time to degree – fully accredited online accelerated degree programs
- Transfer of qualifying undergraduate and graduate level credits
- Credit toward degree for select organization professional development programs
- Chance to work with other working professionals and talented faculty in highly interactive online format
- Ability to earn degree while balancing work, family and other commitments
- Career Advancement
- Small Class Sizes - more one-on-one interaction and personalized attention from professors

Public

- Better trained workforce
- More career options

Post University

- Enrollment Growth
- Extended higher education impact
- Enhanced University brand
- Opportunity to “Do well by doing good”

*School Districts also are partnering with Post University to offer certified teachers an opportunity to earn the Master of Education at a reduced tuition rate. To learn more about this program created especially for schools districts, contact Dr. Jane Bailey, Director of Graduate Education at 203.596.4638 or jb Bailey@post.edu
