- Higher Education

Michael Statmore has more than 20 years experience in business and in developing business-focused, enterprise-wide information technology solutions. Since joining Post University in 2006, Mr. Statmore has completely overhauled the IT infrastructure, upgraded IT security, improved process flow, and implemented a campus-wide wireless solution.

Prior to joining Post University, he held director-level positions at GMAC Mortgage, where he managed applications that supported a 250+ person call center, and at a start-up organization that provided back office mortgage services to large institutions such as SunTrust Bank, Provident Bank and GMAC Mortgage. Mr. Statmore managed the development and maintenance of all applications and infrastructure systems for an organization that grew from 20 people to more than 100 employees with offices in three states. He also brings sales, marketing and management experience to his IT positions.

Mr. Statmore is an engaging, knowledgeable speaker with a broad IT background. His efforts have resulted in substantial improvements in working relationships between and among business entities and allowed for more streamlined processes and project workflow.
